### **DETAILED ACTION**

This application is in condition for allowance except for the following formal matters:

Applicant has not provided substitute drawings addressing all the issues raised by the examiner on the Office Action of 11 September 2006 herein repeated.

Figure 1 of the formal drawings filed on 21 March 2001 does not show labels of all the blocks. The blocks are referenced by a numeral but there is no descriptive label for ready identification.

Figure 3, step 74 seems to be different from the hand-drawn Figure 3 originally submitted. Step 74 still does not end with a question mark as stated by the applicant. Step 74 now shows one branch labeled "no" but no branch labeled "yes". Furthermore, it seems there are too many "yes" branches. Therefore, objection to the drawings is maintained.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering

of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
